STUDENTS DO YOU WANT TO PARK ON CAMPUS NEXT YEAR?

If so, you and your parent(s) will need to attend a Smart Start class. The classes for the fall will be scheduled soon. All classes begin at 6:30 and are approximately two hour long and are free. The Start Smart program is an opportunity for new drivers and their parents/guardians to clearly understand their responsibilities when a teen starts to drive. Taught by trained law enforcement personnel, it creates awareness of possible consequences, both financial and physical, of distracted or impaired driving, and provides applicable information about collision prevention. Parents and students will sign a confirmation of attendance at the end of the class. Only students who have completed this class will be given parking permits.

Students please remind your parents that **ALL DELIVERIES** that they bring must be delivered to the front office. Deliveries are not allowed to be brought to the student parking lot gate. Students are not allowed to order their own food to be delivered here at school. Thank you.

CLUBS:

Feeding America San Diego

Come volunteer and participate in Feeding America, just sign up in room 855 / Mr. Sirimanne's Room We have been given a unique opportunity to volunteer, assist, and document the efforts of High School students taking responsibility for the hunger issues in their immediate surrounding areas. The money we raise goes directly to North County and San Marcos families and helps feed students, parents, and families that are having a hard time putting food on the table. FASD can give 10 pounds of food for every dollar, which is much, much more than conventional food drives can accomplish. With 1-7 people living in San Diego not knowing where their next meal is coming from, are you helping Feed San Diego?
