

EVER SEE A ZORSE or a MONGOLIAN WILD HORSE?

Hearts & Hands Animal Rescue & Nancy Nunke

Present for your education and enjoyment zebbras, zorses, and other rare and unusual animals including the world's only truly wild horse, considered untrainable, the Mongolian Wild Horse, aka Przewalski, with just 1500 left in the world. **Nancy Nunke, world renowned animal expert, trainer and zebra whisperer is the most knowledgeable zebra expert in the world. She teaches zookeepers from all over the world about zebbras.** She has worked on research projects with Universities and is currently working with Stanford University on the memory of the zebra skin for the striping pattern. Nancy has been instrumental to the world of animal training, changing common force training to friendship training and will share these amazing techniques with you. She will be bringing some of the world's rarest animals from the **Hearts & Hands Animal Rescue, (Non Profit 501 (c) (3))** to Rossi's Pizza, which will include a zorse, a baby zebra, an alpaca, a miniature horse and others! Nancy is a Director of Hearts & Hands Animal Rescue. The rescue lost many structures in the Ramona fire and the cost to rebuild as well as the care for these animals is very high. Please come out and support Hearts & Hands Animal Rescue's Educational Program and these amazing animals. Bring the kids and have a great time. **No cost for the event.** Donations to Hearts & Hands Animal Rescue will be gladly accepted. Rossi's Pizza will be donating 20% of all sales during the event to Hearts & Hands Animal Rescue.
